

ACKNOWLEDGEMENT

Trough this Final Research Project – I would like to give my special thank you for all my beloved parents, sisters, brothers, friends, and people relate to this project. It was impossible to complete this research without their hands. Dear all of you, this is the kindness you create through me. So, when it helps people, Allah *Suhbana wa Ta'ala* would definately give back those kindness much larger than you did. Believe that.

For people, for Indonesia.
