Universitas Islam Indonesia

(Dr. Taufiq Immawan, ST., MM.)

DEDICATION

I dedicate my final project for my beloved parents, brothers, sisters and my friends.

I would thank my parents for the support, taking care and anything they gave to me.

I also thank my brothesr , sisters and friends for the support and motivation.

MOTTO

“O you who have believed, when you are told, “Space yourself” in assemblies, then make space; Allah will make space for you. And when you are told, “Arise,” then arise; Allah will raise those who have believed among you and those who were given knowledge, by degrees. And Allah is acquainted with what you do.”

QS: Al – Mujadilah 58: 11

“Indeed, with hardship [will be] ease. So when you have finished [your duties], then stand up [for worship]. And to your Lord direct [your] longing.”

QS: Al – Inshirah 94: 6 – 8

“Having no problems is the biggest problem of all”

PREFACE

AssalamualaikumWarrahmatullahi Wabarakatuh.

Alhamdulillahirabbil 'alamin. Praise to Allah SWT the most glorious and the most merciful. Shalawat and Salam toward our adoration Prophet Muhammad SAW along with his family and followers. The guidance of Allah allows the author to finish this thesis. The accomplishment of this thesis is inseparable from the support of all parties. Therefore, the author profusely convey with great and gratitude to:

1. Muhammad Ridwan Andi Purnomo., ST., M.Sc., Ph.D as my supervisor and the Head of International Program Department of Industrial Engineering that always gives all directions and motivations to finish this thesis.
2. My beloved mother, father, brothers, and sisters for their endless support and caring.
3. Toyota Motor Manufacturing Indonesia Company and Mr. Suradi as production manager for their aid and welcoming as the company where the research took place.
4. H. Muhammad Zaini and Ustadz Salim A Filah as Mushaf and Islamic Tutor. Pak Basuki, Pak Edi, Pak Karni, Pak Pur, Pak Heri and Mas Har that always accompany me.
5. Classmates from IP Industrial Engineering year 2012 for their sharing and lesson in learning in this bachelor degree.
6. Muhammad Huda, IP Industrial Engineering year 2007 that always accompany and support me.
7. My friends in SMP N 2 Yogyakarta, batch of 2009 and SMA Muhammadiyah 2 Yogyakarta, batch 2012. My JHS friends, PipihSusanto, Virgonandooscar, AsnandarPriyo, ArifSuhendarto, Rio Liba, RisangBayuAji, Nida Atmim and My SHS friends, Rizky, Andhita, Sancaya, Faiz, Bayuyos, Mei, Yudha, Cahyo Kumara, Zumar, Fauzan, Ari Candra, Arin Widiastuti that still maintain the

friendship after all these years and always giving support, inspiration, and happiness for each other.

8. All partner from Industrial Engineering Department and HimpunanMahasiswaTeknikIndustri 2015-2016. Aldi, Irfan, Faras, Rizky, Nara, Arin Prasetyo, YosaPermata, SyifaNatiqah, Mega Fatma, Devi Febnaditheir supports and motivations.

Finally, the Author realizes that there are still shortcomings as well as weaknesses in this report, so the building suggestions and critics are fully expected. The author hopes this paper would bring advantages for everyone who reads this.

Wassalamu'alaikum Warrahmatullahi Wabarakatuh
