

## CHAPTER II

### CONSTRUCT

Give students opportunities to communicate. Give students direction, and provide information, and student have been conditioned only to “speak when spoken to”. Part of oral communication competence is the ability to initiate conversation, to nominate topics, to ask questions, to control conversations, and to change the subject. (Brown,1994)

In the class that I teach, I give each student the opportunity to communicate, give them explanation and direction using English. Students may not be confident when speaking in English. It has many factors and most of them says that they are feel shy and afraid of wrong when speaking in English. Using pictures-series for tell stories will increase their confidence to speak in front of the classroom. Because they able to imagine according to the pictures. They also have time to prepare what they want to share with friends in front of the class.

**A.** How do pre-service teachers using picture series to teach speaking skill for High School Students?

**B.** What problem do pre-service teacher have during internship program?
