Pendidikan agama memiliki peran penting bagi remaja karena mempengaruhi sikap dan tingkah laku religiusitas remaja. Penelitian ini bertujuan untuk menggambarkan religiusitas remaja santri Majelis Taklim Ki Ageng Selo dan untuk memaksimalkan peran Majelis Taklim Ki Ageng Selo. Diharapkan hasilnya memberikan manfaat berupa pengaruh positif bagi pengajar dan santri Majelis Taklim serta memberi motivasi kepada Majelis Taklim agar memaksimalkan perannya.

Penelitian ini menggunakan pendekatan kualitatif dengan model studi kasus. Pengumpulan data dilaksanakan dengan observasi dan wawancara. Informan penelitian adalah remaja santri, orang tua santri dan pengasuh Majelis Taklim Ki Ageng Selo yang dipilih berdasarkan ciri-ciri remaja santri dari umur 17-21 tahun.

Hasil penelitian ini diperoleh gambaran tentang religiusitas remaja santri dilihat dari dimensi-dimensi religiusitas: (1) remaja percaya dan yakin dengan kebenaran agama Islam; (2) ibadah remaja santri ada yang rajin dan ada yang belum sepenuhnya rajin; (3) perilaku sosial remaja sering membantu pekerjaan orang tua dan teman; (4) remaja sudah memiliki keyakinan tinggi dalam melaksanakan ajaran agama tapi ada yang belum sepenuhnya melaksanakan; (5) remaja memiliki pengetahuan dan pemahaman terhadap ajaran-ajaran agama. Majelis Taklim Ki Ageng Selo memiliki peranan penting dalam membentuk religiusitas agama remaja dan mendorong remaja untuk berperilaku ke arah yang lebih baik.
