## **DEDICATION**

*I dedicated my final project for my Parents, My Workmates and thank you for all my best friends. maybe I will not be able to complete this final project without help, support and assistance of all of you, thank you very much once again.*

## **MOTTO**

“Life is like riding a bicycle, to keep your balance, you must keep moving”

-Albert Einstein-

"Great people in any field are not just working because they are inspired, but they become inspired because they prefer to work. They don't waste time waiting for inspiration."

-Ernest Newman-

"Successful people have learned to make themselves do things that must be done when they really have to be done, whether they like it or not."

-Aldus Huxley-

## PREFACE

*AssalamualaikumWarrahmatullahi Wabarakatuh.*

Alhamdulillahirabbil ‘alamin. Praise to Allah SWT the most glorious and the most merciful. Shalawat and Salam toward our adoration Prophet Muhammad SAW along with his family and followers. The guidance of Allah allows the author to finish this thesis. From the deepest of my heart, let the Author expresses the highest appreciation to those who have given supports and motivations so this thesis can be accomplished. The Author thanks to:

1. My beloved Parents, Especially for my mom, Tri Wahyu Widyaningsih. Thank you very much for any support in terms of, thank you very much for the advice and patience that is extraordinary to the author to work on this final project until finish.
2. Muhammad Ridwan Andi Purnomo, ST., M.Sc., PhD as the supervisor. Thank you very much for the help, advice and topic giving to do this final project, you are a very patient person so you can guide the writer to do this final project until the end of this semester, thank you for the guidance and advice in the process of doing this final project, hopefully You are always patient in guiding students towards the beginning of success.
3. Head of International Program Industrial Engineering, Faculty of Industrial Technology, Universitas Islam Indonesia.
4. Mrs. Diana, Mrs Devy, for giving the guidance about what are the steps the author must take to complete his study on campus.
5. For my workmates at Couvee, Lutie Coffee and especially Kaktus Coffee Place, thank you very much for never stopping to scold, be patient, provide assistance, provide support, and assist so that the writer can immediately complete this final project even though it takes a long time to complete.
6. And also for all of my friends in International Program Industrial Engineering batch 2012, thank you very much for thank you very much for having struggled together in the study period to become undergraduate.

the author also thanks all the parties concerned and that the authors cannot mention one by one who have helped in writing this final project, maybe the writer will not be able to complete this final project without the help of all of you because the writer is just an ordinary person who always needs help.

Wassalamualaikum Warahmatullaahi Wabarakatuh
