Rumusan masalah terkait *Bagaimana penyesuaian Perseroan Terbatas yang telah didirikan pasca dikeluarkannya Online Single Submission* dan *Kendala apa yang dihadapi oleh pelaku usaha dan Notaris dalam penyesuaian Perseroan Terbatas yang telah didirikan dengan adanya Online Single Submission*.

Metode penelitian menggunakan penelitian hukum empiris. Pendekatan penelitian yang digunakan adalah pendekatan undang-undang. Analisa penelitian menggunakan metode deskriptif analitis.

Hasil penelitian menjelaskan segala kegiatan Perseroan Terbatas yang melakukan kegiatan usaha sebelum dikeluarkannya sistem *Online Single Submission* dapat melakukan penyesuaian akta terkait anggaran dasar di hadapan Notaris. Selanjutnya, Notaris akan melakukan perubahan anggaran dasar Perusahaan guna untuk menyesuaikan Klasifikasi Baku Lapangan Usaha Indonesia 2015 ke Klasifikasi Baku Lapangan Usaha Indonesia 2017. Perusahaan dapat melakukan kegiatan usaha tanpa adanya hambatan. Kendala yang dihadapi antara lain terkait sistem *Online Single Submission* belum terkoordinasi dengan baik antara Administrasi Hukum Umum (AHU) dan Badan Koordinasi Penanaman Modal (BKPM), dan belum adanya aturan yang jelas mengenai sanksi bagi pelaku usaha yang belum melakukan penyesuaian anggaran dasar.

Saran perlunya bagi pemerintah untuk melakukan koordinasi antara Administrasi Hukum Umum dan Badan Koordinasi Penanaman Modal (BKPM) guna meminimalisir kesalahan sistem yang ada, mengingat tujuan dari dibuatnya sistem *Online Single Submission* untuk mempermudah pelaku usaha melakukan pengurusan perizinan, pemerintah setidaknya harus melakukan sosialisasi secara periodik dan lebih lanjut mengenai sistem *Online Single Submission* untuk menumbuhkan rasa sadar pentingnya melakukan penyesuaian anggaran dasar kepada pelaku usaha.

ABSTRACT

This thesis examines the Adjustment of Limited Liability Companies After the Issuance of Online Single Submission in Palembang City. Formulation of problems related to how the adjustment of Limited Liability Companies that have been established after the issuance of the Online Single Submission and what Constraints faced by business actors and Notaries in the adjustment of Limited Liability Companies that have been established with the Online Single Submission.

The research method uses empirical legal research. The research approach used is the law approach. The research analysis uses descriptive analytical methods.

The results of the study explained all the activities of a Limited Liability Company conducting business activities before the issuance of the Online Single Submission system can make adjustments to the deed relating to the articles of association before a Notary. Furthermore, the Notary will change the Company's articles of association in order to adjust the 2015 Indonesian Business Field Standard Classification to the 2017 Indonesian Business Field Standard Classification so that the Company can carry out business activities without obstacles. Constraints faced are related to the Online Single Submission system which has not been well coordinated between the General Law Administration (AHU) and the Investment Coordinating Board (BKPM), and there are no clear rules on sanctions for business actors who have not adjusted their articles of association.

Suggestions the need for the government to coordinate between the General Legal Administration and the Investment Coordinating Board (BKPM) in order to minimize the errors of the existing system, given the purpose of making the Online Single Submission system to facilitate business operators in managing licensing, the government should at least carry out further socialization regarding Online Single Submission system to foster a sense of awareness of the importance of making basic budget adjustments to business actors.
